All flueless gas fires require a small air vent to the room.

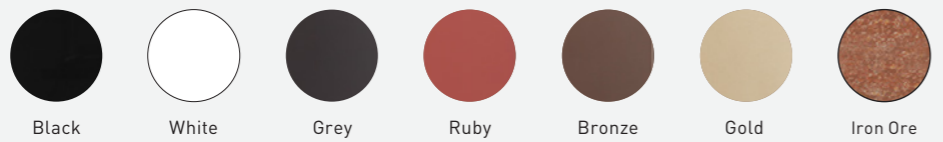

Product	SRP exc VAT	SRP inc VAT
Air Vent	£20.83	£25

At ESSE, we've been hand-crafting high quality stoves in Britain for over 160 years. There is choice of seven steel finishes plus glass, three heat outputs and three eye catching mounting options. Whatever you priorities you will find an ESSE to suit you and your home.

Our collection of wall-mounted gas fires offers you almost 100% energy-efficiency combined with complete "hang it anywhere" freedom.

WALL-MOUNTED GAS FIRES - colour options

Due to the limitations of the printing process, it is not possible to replicate enamel colours exactly as shown in our printed material.

BACKING OPTIONS

Vermiculite

Black

All Wall-Mounted gas fires can be supplied with either black or vermiculite fire backs. Black back will be supplied as standard. If a Vermiculite back is required please specify at time of order. There is no additional charge for this option when specified at time of order.
