

# ESSÉ

## COOKERS

MASTER  
**STOVE  
MAKER**  
SINCE 1854

# MADE IN LANCASHIRE

NOW YOU CAN  
**BAKE & COOK**  
**DELICIOUS FOOD**  
**THE ESSE WAY.**  
**ALL YOU NEED**  
**IS LOVE**  
(AND TWO 13AMP SOCKETS).

# LET'S LOOK UNDER THE BONNET.

## ESSE EL13AMP

.....  
You can turn the ovens and hotplate to lower temperatures for when you can't be there.  
.....

Your food grills evenly because the elements are full width and radiant.  
.....

2kW induction hob for instant heat and cast iron hotplate for your traditional range cooking.  
.....

Features a spacious plate warming cupboard.  
.....

The main cooking oven reaches 250°C, great roast spuds.  
.....

Independently controlled temperature settings, turning one unit lower or 'off' will not affect the others.  
.....

0 to 175°C in just 30 minutes.  
.....

**WITH 30 HUNGERY**

**MONTHS TO FEED**

**AT MINUS 45° C**

**YOU NEEDED A STOVE**

# THAT WON'T LET YOU DOWN.

When Shackleton set out to conquer the Antarctic he needed a stove that would perform in the most hostile conditions on the planet.

He chose an ESSE.

Just one story from ESSE's rich heritage.

# THE IRONHEART

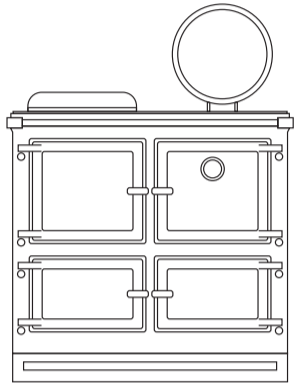

**OR IS IT A STOVE THAT'S A COOKER?**

---

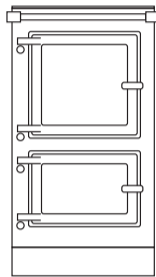

**THE COOKER THAT'S ALSO A STOVE,**

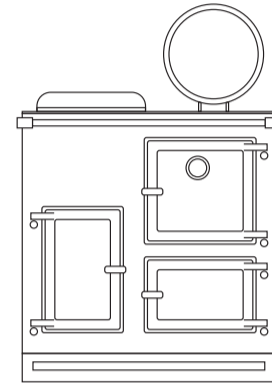

# ALL THE COLOURS

990x900mm

500x900mm

905x900mm

# ALL THE SIZES

# ALL THE FUELS.
